STANFORD SURROUNDS

THE STANFORD WINE ROUTE

Includes large well-known wine estate and boutique-style micro establishments set in the heart of the Cape Floral Kingdom.

BIRKENHEAD BREWERY

is one of the country's oldest microbreweries and one of its most scenic, with a lovely view of the Klein River Mountains. It is the first wine and brewing estate in the Southern Hemisphere and has plenty to offer for the wine and beer enthusiast.

PANTHERA AFRICA BIG CAT SANCTUARY

is a non-profit organization just outside of Stanford that serves as a haven for rescued big cats. No breeding, trading or interaction takes place at the sanctuary that works towards education the public on the conditions big cats face in captivity. Expect to see lions, tigers, leopards, and caracals. Educational visits are offered by passionate hosts who will share the heartfelt stories of the big cats. Visits are by appointment only and includes Educational, Sunset and Enrichment Visits. Pre-bookings only.

PHILLIPSKOP MOUNTAIN RESERVE ROCK ART & HERITAGE SITE

Visit the Khoe and San paintings in the cave at Phillipskop – the only recorded rock art on the Cape Whale Coast, and now a newly designated Heritage Site. The rock art is situated in a spacious, sheltered cave overlooking our waterfall, 30 to 40-minute walk from the reserve's reception and car park. Book a guided walk and learn about the fynbos and animals.

STANFORD VILLAGE

The Wandelpad is a short walk (about 45 min) along the Klein River and through town to Willem Appel Dam.

Heritage Walk
Explore the village historical beauty on foot and learn about its origin and special stories. Historical Stanford on Foot is a self-guided walk through the village. Booklets available by Stanford Tourism.

Historical Stanford on foot

River Cruises
Come enjoy yourself and relax on a wonderful cruise up the Klein River. Enjoy the birds, the tranquility and the mesmerized as our beautiful Klein River Mountains change colour while the sun sets over our paradise.

ON HERITAGE ...

The original layout of Stanford dates to 1857 when De Kleine Rivier Valey Farm was subdivided into a typical rural village layout: a simple orthogonal (right-angled) grid with large erven and a central public square. This simple layout remains today with the historic core as the proclaimed Heritage Area. Stanford's architectural styles range from the late 1700s to the early 1900s, and include the following: the simple cottage; the Victorian barn (simple or adapted, and thatched) the eclectic villa or gabled house (either Victorian or Cape Dutch Revival). Stanford is regarded by Heritage Western Cape as the third best preserved village in the Western Cape – after Montague and certain areas of Greyton.
